

**Did you know the Tasmanian Government delivers a range of free services and programs to assist Tasmanian small businesses to start, grow and create jobs to stimulate the economy?**

The Department of State Growth is holding a series of forums around the state for small businesses to discover the services available and learn more about the small business landscape in the state.

Join us to discover how to access free business advisors and mentors as well as a wide range of tools and information to help you start or grow your business in Tasmania.

We will also share and discuss our latest research findings on small businesses in Tasmania - your input will help inform the future direction of government services and programs.
