- ☐ Other

SKETCH PLAN OF THE PROPOSED WORK

- Indicate road/s, property boundaries and position of north
- Drawings such as approved planning drawings may be attached to the form rather than using the box below

GENERAL NOTES

- Prior to assessing an application for this permit, the following information must be provided to the Derwent Valley Council to authorise works within the road reserve:
 - Proof of Public Liability insurance (\$10,000,000)
 - Traffic Management Application (if applicable)
- Works are not to commence until the Permit has been issued.
- The permit is valid for 6 months from the Date of Issue
- It is the responsibility of the applicant to locate and protect any services within the road reserve before commencing work.
- The stormwater connection is to be constructed in accordance with the Local Government Association of Tasmania's (LGAT) Standard Drawings and relevant Australian Standards and Guidelines.
- Any alternations or works performed on Council's stormwater system must remain uncovered until the completion of the inspection. If there is failure to provide notification in advance or to expose the connection for the visual inspection, Council may choose to expose the connection(s) and reinstate after the inspection at full cost to the applicant.
- On completion of the works the site must be returned to its original condition to the satisfaction of Council.

The fee for the permit is published in Council's Fees and Charges and available from the website (www.derwentvalley.tas.gov.au).

By signing this form, the applicant acknowledges and provides full acceptance of the terms and conditions above.
